Information Collected

We collect three types of information about and from persons who use the Service: voluntarily provided information, automatically collected information, and information about persons who use the Service from other sources.

A. Information You Provide

We and our Service Providers (defined below) may collect information you provide directly via the Service. For example, we may collect information when you register an account, provide your e-mail address to receive communications from us, access other content available on the Service, or otherwise communicate or transact with us through the Service.

The information we collect may include certain Personal Information that identifies you personally (whether alone or in combination), which may include one or more of the following:

- Name;
- Address;
- Phone number;
- Username;
- Device identifier;
- Location information;
- Email

You may choose to voluntarily submit certain other information to us through the Service, including Personal Information, but you are solely responsible

for your own Personal Information in instances where we have not requested that you submit such information to us.

Non-Personal Information is non-personally identifiable or anonymous information about you, including but not limited to age, gender, links, referring sites, materials posted, the type of device you used and its operating system, the pages accessed most frequently, how areas of the Service are used, applications downloaded, search terms entered, and similar non-personal data. Personal Information once de-identified is not subject to this Privacy Policy and we and our Service Providers may treat it as non-Personal Information and use it without obligation to you except as prohibited by applicable law.

B. Information Collected Automatically

We and our Service Providers may automatically collect certain information about you when you access or use the Service ("Usage Information"). Usage Information may include IP address, device identifier, browser type, operating system, data regarding network connected hardware, and information about your use of the Service. To the extent that we combine Usage Information with your Personal Information, we will treat the combined information as Personal Information under this Privacy Policy.

The methods that may be used on the Service to collect Usage Information include:

Log Information: Log information is data about your use of the Service, such as IP address, browser type, internet service provider, referring/exit pages, operating system, date/time stamps, and related data, which is stored in log files.

Information Collected by Tracking Technologies: Cookies, web beacons (also known as "tracking pixels"), embedded scripts, location-identifying technologies, in-channel tracking methods, and other tracking technologies now and hereafter developed ("Tracking Technologies") may be used to collect information about your

interactions with the Service or e-mails, including information about your browsing and activity behavior.

Cookies: A cookie is a small text file that is stored on a user's device, which may be a session ID cookie or tracking cookie. Session cookies make it easier for you to navigate the Service and expire when you close your browser. Tracking cookies help in understanding how you use the Service, and remain longer. The Service may associate some or all of these types of cookies with your devices. Cookies may remain on your device for extended periods of time. Cookies measure how often you visit our sites and how you use them. We use this information to get a better sense of how our users engage with our content and to improve our sites and apps, so that users have a better experience. We also use third-party cookies to help with performance. For example, the Matomo and Google Analytics cookie gives us information such as your journey between pages and how you interacted.

Web Beacons ("Tracking Pixels"): Web beacons are small graphic images, also known as "internet tags" or "clear gifs," embedded in web pages and e-mail messages. Web beacons may be used to count the number of visitors to the Service, to monitor how users navigate the Service, and to count content views.

Embedded Scripts: An embedded script is programming code designed to collect information about your interactions with the Service. It is temporarily downloaded onto your device from our web server or a third party with whom we work, is active only while you are connected to the Service, and deleted or deactivated thereafter.

Location-identifying Technologies: Location-aware technologies locate (sometimes precisely) you for purposes such as verifying your location and delivering or restricting relevant content based on your location.

In-App Tracking Methods. There are a variety of tracking technologies that may be included in mobile apps, and these are not browser-based like cookies and cannot be controlled by browser settings. Some use device identifier, or other identifiers such as "Ad IDs" to associate app user activity to a particular app and to track user activity across apps.

Some information about your use of the Service and certain Third Party Services (defined below) may be collected using Tracking Technologies across time and services and used by us and third parties for purposes such as to associate different devices you use, and deliver relevant ads and/or other content to you on the Service and certain Third Party Services.

For further information on Tracking Technologies and your choices regarding them, please see "Third Party Services, Features, and Devices" and "Your Choices" below.

C. Information from Other Sources

We may obtain information about you from other sources, including Service Providers and Third Party Services (such as Facebook), and combine such information with information we have collected about you. To the extent we combine such third party sourced information with Personal Information we have collected about you on the Service, we will treat the combined information as Personal Information under this Privacy Policy. We are not responsible for the accuracy of any information provided by third parties or third party policies or practices.

Sharing Collected Information

Our agents, vendors, consultants, and other service providers (collectively "Service Providers") may receive, or be given access to your information, including Personal Information and Usage Information, in connection with their work on our behalf. These Service Providers are prohibited from using your Personal Information for any purpose other than to provide this assistance, although we may permit them to use aggregate information which does not identify you or de-identified data for other purposes.

We may also share information about you with third parties for any purposes consistent with our statements under this Privacy Policy or as permitted by applicable law, including as follows:

For purposes disclosed at the time you provide Personal Information;
and
With your consent or at your direction.

Without limiting the foregoing, in our sole discretion, we may share aggregated information which does not identify you or de-identified information about you with third parties or affiliates for any purpose.

Sweepstakes, Contests, Promotions

We may offer sweepstakes, contests, surveys, and other promotions (each, a "Promotion") jointly sponsored or offered by third parties that may require submitting Personal Information. If you voluntarily choose to enter a Promotion, your Personal Information may be disclosed to third parties for administrative purposes and as required by law (e.g., on a winners list). By entering, you agree to the official rules that govern that Promotion, and may, except where prohibited by applicable law, allow the sponsor and/or other parties to use your name, voice and/or likeness in advertising or marketing materials.

Third Party Services, Features, and Devices

Our Service may contain content from and hyperlinks to websites, locations, platforms, and services operated and owned by third parties ("Third Party Services"). In addition, our Service contains features that allow you to interact with, connect to, or access our Service through certain Third Party Services and third party devices ("Third Party Features"). For example, you use a Third Party Service when you connect and interact with Reddit through our Service. Remember that third parties may use Tracking Technologies to independently collect information about you and may solicit Personal Information from you. Also, if you use a Third Party Feature, both we and

the applicable third party may have access to and use information associated with your use of the Third Party Feature. If you publicly reference our Service on a Third Party Service (e.g., by using a hashtag associated with Hangtime in a tweet or post), we may use your reference on or in connection with our Service.

Our Service may also contain Tracking Technologies operated by third parties. For example, analytics services, such as Google Analytics, may use Tracking Technologies on our Service to help us analyze your use of the Service, compile statistic reports on the Service's activity, and provide other services relating to Service activity and internet usage. Similarly, ad serving services, advertisers, and other third parties may use Tracking Technologies on our Service and Third Party Services to track your activities across time and services, and tailor ads to you based on your activities, which may include sending you an ad on a Third Party Service or third party device after you have left the Service ("Interest-based Advertising").

The information collected and stored by third parties, whether through our Service, a Third Party Service, a Third Party Feature, or a third party device, remains subject to their own policies and practices, including what information they share with us, your choices on their services and devices, and whether they store information in the U.S. or elsewhere. We are not responsible for and make no representations regarding third party policies and practices, and encourage you to familiarize yourself with and consult their privacy policies and terms of use. To the extent we combine information we receive from third parties with Personal Information we collect directly from you on the Service, we will treat the combined information as Personal Information under this Privacy Policy.

For further information on Tracking Technologies and your choices regarding them, please see "Information Collected Automatically" above and "Your Rights and Choices" below.

Your Rights and Choices

A. Accessing Your Information.

You may access, update, or remove certain account information that you have voluntarily submitted to us through the Service by messaging us using our feedback form on the Service available at your user profile page by selecting "Send Us Feedback" under the "More" section, or by emailing us at feedback@letshangtime.com. We may require additional information from you to allow us to confirm your identity. Please note that we will retain and use your information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

B. Tracking Technologies Generally.

Regular cookies may generally be disabled or removed by tools available as part of most commercial browsers, and in some instances blocked in the future by selecting certain settings. Browsers offer different functionalities and options so you may need to set them separately. With respect to our mobile apps, you can stop all collection of information via an app by uninstalling the app. Also, you may be able to exercise specific privacy choices, such as enabling or disabling certain location-based services, by adjusting the permissions in your mobile device.

Please be aware that if you disable or remove Tracking Technologies some parts of the Service may not work and that when you revisit the Service your ability to limit browser-based Tracking Technologies is subject to your browser settings and limitations.

Your browser settings may allow you to automatically transmit a "Do Not Track" signal to online services you visit. Note, however, there is no industry consensus as to what site and app operators should do with regard to these signals. Accordingly, we do not monitor or take action with respect to "Do Not Track" signals or other mechanisms. For more information on "Do Not Track," visit <http://www.allaboutdnt.com>.

C. Analytics and Advertising Tracking Technologies.

You may exercise choices regarding the use of cookies from Google Analytics by going to <https://tools.google.com/dlpage/gaoptout> or downloading the Google Analytics Opt-out Browser Add-on.

You may exercise choices regarding receipt of Interest-based Advertising by submitting opt outs. Some of the advertisers and Service Providers that perform advertising-related services for us and our partners may participate in the Digital Advertising Alliance ("DAA") Self-Regulatory Program for Online Behavioral Advertising. To learn more about how you can exercise certain choices regarding Interest-based Advertising, visit <http://www.aboutads.info/choices>, and <http://www.aboutads.info/appchoices> for information on the DAA's opt out program for mobile apps.

Some of these companies may also be members of the Network Advertising Initiative ("NAI"). To learn more about the NAI and your opt out options for their members, see <http://www.networkadvertising.org/choices/>.

Please be aware that, even if you are able to opt out of certain kinds of Interest-based Advertising, you may continue to receive other types of ads.

Opting out only means that those selected members should no longer deliver certain Interest-based Advertising to you, but does not mean you will no longer receive any targeted content and/or ads (e.g., from other ad networks). Kiswe is not responsible for effectiveness of, or compliance with, any third-parties' opt out options or programs or the accuracy of their statements regarding their programs.

D. Communications

E-mails: You can opt-out of receiving certain promotional e-mails from us at any time by following the instructions as provided in e-mails to click on the unsubscribe link, or contacting us with the word UNSUBSCRIBE in the subject field and send to us by clicking the question mark (?) icon in the lower right and filling out the form. Your opt-out will not affect non-promotional e-mails, such as those about your account, transactions, servicing, or our ongoing business relations.

Security

We employ procedural and technical safeguards to secure personal information against loss, theft, alteration, and unauthorized access, use and disclosure. We also employ security procedures to protect information from unauthorized access by users inside and outside the company.

Regardless of the precautions we take, no transmission of data over the Internet is completely secure. It may be possible for third parties not under our control to intercept or access transmissions or private communications unlawfully. While we strive to protect personal information, we cannot ensure or warrant the security of any information you transmit to us.

Children and Privacy

The Service is intended for a general audience and not directed to children under seventeen (17) years of age. Kiswe does not knowingly collect personal information as defined by the U.S. Children's Privacy Protection Act ("COPPA") in a manner that is not permitted by COPPA. If you are a parent or guardian and believe Kiswe has collected such information in a manner not permitted by COPPA, please e-mail us at legal@kiswe.com, and we will remove such data to the extent required by COPPA.

California Privacy Rights

California's "Shine the Light" law permits customers in California to request certain details about how certain types of their information are shared with third parties and, in some cases, affiliates, for those third parties' and affiliates' own direct marketing purposes. Under the law, a business should either provide California customers certain information upon request or permit California customers to opt-in to, or opt-out of, this type of sharing.

Kiswe may share personal information as defined by California's "Shine the Light" law with third parties and/or affiliates for such third parties' and affiliates' own direct marketing purposes. If you are a California resident and wish to obtain information about our compliance with this law, please e-mail us at atlegal@kiswe.com. Requests must include "California Privacy Rights Request" in the first line of the description and include your name, street address, city, state, and ZIP code. Please note that Kiswe is not required to respond to requests made by means other than through the provided e-mail address.

Any California residents under the age of eighteen (18) who have registered to use the Service and posted content or information on the Service, can request that such information be removed from the Service by sending an e-mail to us at legal@kiswe.com. Requests must state that the user personally posted such content or information and detail where the content or information is posted. We will make reasonable good faith efforts to remove the post from prospective public view.
